

Don't replace K-LOVE with this new LPFM stuff! K-LOVE is my favorite radio station. It isn't vulgar or derogatory. It's family friendly, unlike nearly every other radio station out there. All the other stations are always trying to see what they can put on their airwaves without getting in trouble. Because they keep pushing the limits, you at the FCC keep expanding them. There are things on the radio (and TV) now that little children should not be hearing! K-LOVE is family-oriented, and they never ever say things or broadcast things that might be questionable for children to hear. I know that I enjoy listening to this clean content. As a Christian, K-LOVE is one of only two radio stations that I actually like to listen to. The other is WAY-FM.

I know many people here in Greeley, CO, that listen to K-LOVE daily, and to remove this awesome station from our airwaves would be very sad! Many people would not have a radio station to listen to, because the stations that would replace it would probably not be family friendly! That alone would cause many people to stop listening to the radio altogether.

K-LOVE brings hope and peace to so many in this nation, and if you replace K-LOVE's airwaves with small LPFM stations, millions across our nation would no longer be able to listen to this station and be encouraged. Every day, K-LOVE gives me a reason to keep going in life because they play the music of God-worshipping artists, read bible verses, and play short encouraging programs full of great advice.

Without K-LOVE, I don't think I'd be who I am today. The songs they play literally encourage me to get through another day. If you take K-LOVE off the air, many people's biggest source of encouragement will go away. Don't let LPFM take over!
